BURNED TO DEATH

Fatal Fire In an Arkansas Lockup.

Kentuckian Unable to Bear Adverse Criticism, Kills Himself—Sister Dies at Cairo.

KEPT VOW 40 YEARS

Birmingham, Ala., Jan. 15.—The prisoners were cremated, two fatally burned and two others seriously hurt as the result of the burning of the town jail at Pratt City.

The dead are:
JOHN KELLY, a white railroad man, aged 50, arrested for drunkenness.

GEORGE KYLE, colored.
CHARLES RUSSELL, colored.
Fatally hurt:
James Smith, colored; William Young, colored.
Seriously injured are:
Frank Chatfield, John Winston, colored.

There were 16 men and four women in the jail, all negroes except Kelly. A wild panic ensued when the fire was discovered and the prisoners were released, but not, however, until three perished.

Smith and Young, who are expected to die, are accused of setting fire to the jail.

KENTUCKIAN FOUND DEAD.

Huntington, W. Va., Jan. 15.—A man who registered under the name of Prof. Lyman Elliott Smith of Mays Lick, Ky., at the Glenwood Inn, in Kenova, was found dead in his room, having committed suicide by shooting himself through the head. He left a note which gave his reason for his rash act, that he had devoted his entire life to the study of literature and that a Baltimore newspaper had criticized some of his writings which he thought cruel and unfair and that he could not stand the censure.

KEPT HER VOW.

St. Louis, Jan. 15.—True to a vow that she made 40 years ago, Mrs. Hocker Breckinridge did not leave her farm on the St. Charles road in St. Louis county until her death. Yesterday her body was taken from the home place and buried in the Free cemetery.

The loss of her only daughter by death was responsible for the resolution made in 1864, and which had since been religiously adhered to.

DEATH AT CAIRO.

Cairo, Ill., Jan. 15.—Sister Mary Galatia died at St. Mary's infirmary of pneumonia 38 years of age. Her right name was Lillian Eaden. At the outbreak of war with Spain she was one of six nurses sent to Cuba. At the close of the war she came to Cairo to St. Mary's infirmary. Her mother lives in Woodstock county, Maryland.

FOUND DEAD

I. C. SECTION FOREMAN APPARENTLY DROWNED.

William Flynn, a section foreman on the I. C. railroad, was found dead in a creek near Ware, four miles from Grand Tower, Ill. He was lying in the water, and the supposition is that he met his death by drowning.

Deceased was about sixty years old. He was a native of Ireland and had been employed in that vicinity as section foreman for the last nine years.

ALLEGED ROBBERY.

ONE MAN ARRESTED THIS AFTERNOON FOR ROBBING ANOTHER.

Kid Wilson was arrested this afternoon on a charge of robbing Wm. Gayton, a steamboat man, of \$5 and several small articles. It is said the latter was asleep down somewhere near the river when his pockets were picked. The accused will be given a trial in Judge Sander's court tomorrow.

HEARST PAPER

At St. Louis to be Edited by W. J. Bryan.

France Addresses An Important Note to the Vatican Regarding Appointment of Bishops.

REPUBLICANS MEET IN APRIL

Evansville, Ind., Jan. 15.—Before leaving here last night William Jennings Bryan confided to Democratic leaders that he would become editor of a new daily paper to be started at St. Louis this year. It is said William R. Hearst will be associated with Mr. Bryan.

APPOINTMENT OF BISHOPS.

Rome, Jan. 15.—France has presented the Vatican with a note in the nature of an ultimatum, regarding the appointment of bishops to five vacant French sees, saying that either the pope must approve the selections of the French government, or they will be announced officially with the approbation of the Holy See.

FOUND DEAD.

Evansville, Ind., Jan. 15.—William Wunderlich, a member of a prominent German family and formerly connected with the police department, was found dead in his room this morning.

REPUBLICANS MEET IN APRIL.

Washington, Jan. 15.—After C. M. Barnett's visit here, Kentucky Republicans say a decision was reached to have the Kentucky state Republican convention held early in April.

GOV. BUSHNELL DEAD.

Columbus, O., Jan. 15.—Former Governor Asa S. Bushnell died this morning at 1:54 o'clock, quietly and painlessly. He had been in a critical condition for several days.

PASSED WORLD'S FAIR BILL.

Frankfort, Ky., Jan. 15.—The house today passed the world's fair \$75,000 appropriation bill by a vote of 75 to 15.

HE GETS

\$3,500

Verdict in the Rottgering Case Today.

The \$3,000 Verdict of Lower Court Increased \$500—Another Now on Trial.

After having been on trial over three days, the case of the C. & St. L. and N. O. R. R. Co., against W. H. Rottgering was given to the jury at 11:30 this morning and this afternoon a verdict for \$3500 was returned.

The railroad company sued to condemn a right of way through the defendant's property and built a railroad through his farm. The damages secured in county court in the condemnation proceedings \$3,000 did not satisfy Mr. Rottgering and he appealed to circuit court, there being awarded \$3500 today.

The case on trial at press time was the suit of the C. & St. L. and N. O. R. R. Co. against Lizzie Libel, a condemnation appeal proceedings similar to the Rottgering case.

SAID IT WAS FAKE

AND THEN THE PROMOTER CUT THE JAILER 20 TIMES.

Owensboro, Ky., Jan. 15.—Dug Riggs, jailer of McLean county, and W. D. Croft, manager of an oil boring plant, got into a quarrel at Calhoun over the oil business, Riggs declaring that it was a fake. Croft cut Riggs twenty times with a pen knife before they could be separated. Riggs is in a bad condition.

MANY IN DANGER

Natives at Seoul Advocate the Killing of Foreigners.

4000 Coolies Reported to Have Participated in a Riot Near Hong Kong.

30 TURKS BLOWN UP

London, Jan. 15.—The Seoul correspondent of the London Daily Mail says that the native press is advocating the slaughter of all foreigners.

United States Minister Allen has ordered all American women and children to remain indoors, and he predicts that rioting by the military is imminent.

M. Collin de Plancy, the French minister, has vainly advised the emperor to take refuge in the French legation.

THIRTY TURKS KILLED.

Salonica, Jan. 15.—The Turkish powder magazine in the Kumanova district, sixteen miles from Uskub, has been blown up by Bulgarians. Thirty Turks were killed. A sharp engagement is reported to have occurred near Demirhisar, forty-five miles from Salonica.

4,000 IN RIOT.

Hong Kong, Jan. 15.—A riot is reported to have occurred on the Hankow-Canton railway, about 4,000 coolies participating in the disturbance. The United States consul here has telegraphed to United States Minister Conger at Peking.

SOME CHANGES

WILL BE MADE AT THE NEW SCHOOL BUILDING SOON.

There are to be some minor changes at the Washington school on West Broadway shortly. The building committee has recommended that two of the basement rooms be fitted up as lunch rooms, where the children who have to walk long distances to school may place their lunches.

It also recommends that electric lights be placed in Superintendent Leib's office, and that a panel be placed in that there may be more privacy.

It is not deemed necessary to have fire escapes at the building, as few of the rooms high up are used. There has been a great deal of talk about requiring the board to place fire escapes on the building since the Iroquois disaster, as there are none now, but it is said to be unnecessary. At any rate no steps have yet been taken to have them put up.

12 CONVERSIONS

AT REVIVAL AT FIRST BAPTIST CHURCH LAST NIGHT.

Another large congregation greeted Rev. M. F. Ham of Bowling Green, at the First Baptist church last night. It was perhaps the largest of the entire series of meetings which opened last Sunday.

Mr. Ham preached an earnest and feeling sermon from the text "There is a way that seemeth right unto man, but the ends thereof are the ways of death." Proverbs XIV. 12. At the close of the sermon there were twelve conversions and forty people asked for prayer.

Prayer services for men are held each day at noon, for ladies at 3:30 p. m. and preaching services at 3 p. m. and 7:30 p. m. Mr. Ham is making a fine impression.

HAND BADLY MASHED.

Doll Bolan, colored, an employe of the Sowell mills, while working near a saw carriage yesterday afternoon, got his left hand caught in the machinery and the member badly mashed and lacerated. The thumb was so badly mashed that amputation was necessary. Dr. J. S. Troutman dressed the injury.

THOSE BOODLERS

Wanted Money But it Wasn't Forthcoming.

An Illinois Man Who Believed in Ghosts Was Frightened to Death.

HAND FOUND IN IROQUOIS

St. Louis, Mo., Jan. 15.—Circuit Attorney Folke was informed today that a representative of the house of delegates combine had solicited a bribe of \$10,000 from certain St. Louis ticket brokers to kill the bill lately passed prohibiting the scalping of railroad excursion tickets.

It is now charged that delegates voted for the bill in retaliation of the refusal of the ticket brokers to subscribe to a boodle fund.

BELIEVED IN GHOSTS.

Norris City, Ill., Jan. 15.—Weird noises in the night frightened Peter Kuhn to death. The man's body was found in bed, a look of horror frozen on his face. A nail driven in a shingle in the roof above the head of his bed held a tin can, to which a long string had been attached. Practical jokers, by rubbing this string with rosin, produced the sounds. Kuhn was a firm believer in ghosts.

GHASTLY FIND.

Chicago, Jan. 15.—A human hand and some money and jewels have been found in the debris of the Iroquois theater. The hand was that of a man, and apparently had been severed from the wrist in an attempt to get possession of rings. As no body was found from which a hand had been taken, the supposition is that the body may have been consumed in the fire.

The police found \$30 in bills enclosed in a chamolite skin bag, and also a five carat opal, among the fragments of broken glass and charred wood.

A FALSE IDEA

POLICE BOARDS CANNOT BE APPOINTED BY STATE AUTHORITIES.

The report that a bill had been introduced at Frankfort to take the police forces in first and second class cities out of the hands of local authorities and place them under the control of the governor is untrue.

The only changes contemplated a long time are in Louisville. The following section of the constitution, which cannot be amended by the legislature except by vote of the people, makes it impossible to have the police in cities under the control of men not elected by the people or appointed by local authorities:

"160—The mayor or chief executive, police judge, members of legislative boards or councils of town and cities shall be elected by the qualified voters thereof. * * Other officers of towns or cities shall be elected by the qualified voters therein or appointed by the local authorities thereof, as the general assembly may by general law provide."

The only change now talked of is in the Edwards bill, and is to empower the mayor to remove members of boards of public works and safety at his pleasure, which he can't do under the existing law.

PADUCAH IN IT

DISPOSITION TO PLACE US IN CENTRAL LEAGUE.

Terre Haute, Ind., Jan. 15.—Central Baseball league magnates are meeting here to arrange the circuit and elect officers. There seems to be a disposition to drop Wheeling and Dayton for Paducah, Ky., and Peoria, Ill. Danville, Ill., too, is seeking membership.

ON THE ROCKS

The Towboat Victor Damaged Last Night.

It Is Not Thought the Injury Amounts to a Great Deal.

The towboat Victor, owned and controlled by Captain Dan Finney, of this city, went aground on rocks below Metropolis last night and the Penguin, Captain Finney's other boat, went down this morning to assist her off.

The extent of the damage is not known but it is said she has only one small hole knocked in her hull.

It was reported this morning that she had sunk but this was exaggerated. Captain Finney is at the scene of the accident today pumping the Victor out and putting her in shape for service again. She will have to go on the ways for repairs, it is said.

The Victor is a medium size boat and worth quite a great deal. She is in excellent condition, or was before the accident, and one of the best towboats on the river. No exact estimate of the damage can be made, but the river men here say it will be slight.

The boat was coming up from Joppa last night after unloading several barges of ties.

PISTOL STOLEN.

Robert Reeves, colored, was arrested today on a charge of grand larceny and obtaining money by false pretenses. It is charged that he stole a pearl handled revolver from Mr. Wm. Gray's saloon and sold it to Ike Cohen. The weapon is valued at \$20.

A big shoot is planned by the Hopkinsville Gun club.

FOREMAN LET OUT

Mr. A. M. Dustin Resented Insult and Was Discharged

Illinois Central Employees, All of Whom Like Him, Will Petition for His Reinstatement.

OTHER RAILROAD NOTES TODAY

Considerable feeling has been wrought up among the local Illinois Central boilermakers by the removal of their foreman, Mr. A. M. Dustin. Mr. Dustin and a machinist named Forrest, met several days ago in dispute and Mr. Forrest is alleged to have called Mr. Dustin very uncomplimentary names. Mr. Dustin in a heat of passion slapped the machinist who procured a warrant against him. Mr. Dustin confessed and was fined and this morning was removed by the railroad company for unbecoming conduct.

Mr. Dustin is one of the most popular foremen the Illinois Central has ever had in the boiler shops here, and every man employed in that department seemed to regret to learn of his removal and will petition the company to put him back in his old position again. The petition was started this morning and will be signed by every man in the shops, from present indications.

Mr. Dustin has been employed by the I. C. for years and this is the first trouble he has experienced in his entire service to the I. C. company.

A warning order to enginemen relative to Tennessee street crossing, has been posted in the trainmen quarters here. The order warns them against blocking this street, or any other street where company tracks cross, longer than five minutes. The city recently took steps to have this nuisance stopped and at a recent sitting of the grand jury, an indictment against the railroad company was returned for blocking this street over five minutes continually.

Mr. G. B. James has been appointed assistant trainmaster of the Fulton district of the I. C. to succeed Mr. W. A. Graham, assigned to other duties. The change is effective today.

Train No. 122, the Fulton and Louisville accommodation passenger train, was delayed one hour and ten minutes this morning by an engine failure.

\$3,000 VERDICT.

WHAT JUDGE LIGHTFOOT GOT AT MURPHYSBORO, ILL.

County Judge R. T. Lightfoot returned this morning from Murphysboro, Ill., where he went Monday to prosecute a damage suit brought by Carl Becker for Wm. Becker, his son, for \$35,000 damages against the Illinois Central for alleged injuries to the boy in going through the tunnel at St. Louis, a ventilating transom falling on him and impairing his mind.

When Judge Lightfoot left last evening the jury had not returned a verdict, today received a telegram that a verdict had been returned for \$3000.

Sirk, corresponding secretary; delegates to the Central Labor Union: W. J. White, W. E. Gibson and Arch Enders.

ABOUT TRUSTS

Attorney General Knox Sends to Congress a Report.

Only \$25,985 Out of the \$500,000 Appropriation Has Been Spent.

SOME OF THE PROSECUTIONS

Washington, Jan. 15.—Attorney General Knox transmitted to the house his reply to the resolution asking for information regarding the manner in which he had expended the special appropriation of \$500,000 for anti-trust prosecutions.

A detailed statement of expenditures shows that a total of \$25,985 has been disbursed from the appropriation.

The attorney general submits a statement describing the nature of the cases prosecuted, beginning with the Northern Securities case, now awaiting decision by the supreme court of the United States.

The first case he describes as "a proceeding in equity brought under the anti-trust act, in the Northern Judicial district of Illinois to dissolve an alleged unlawful combination and conspiracy between seven corporations, one partnership and 23 individuals, engaged in the business of purchasing livestock, converting the same into fresh and cured meats and shipping and selling the products to dealers and consumers throughout the United States and in foreign countries."

This case was before the supreme court of the United States from the circuit court which overruled a demurrer interposed by the defendants and remanded the case.

Railroad injunction suits are proceeding in equity under the anti-trust

act against fourteen railroad companies, of which eight are pending in the United States circuit court for the Western District of Missouri, and six before the same court for the Northern District of Illinois.

"The object of the proceedings," the attorney general says, "was to break up an unlawful combination between the railroad companies and certain favored shippers whereby the latter were granted rebates or concessions from the published rates of the railroads for carrying grain and other products from one state to another."

The case of the Jacksonville Wholesale Grocers' association is a proceeding in equity under the anti-trust act in the circuit court of Florida for the purpose of dissolving "a combination of wholesale grocers."

The salt trust case is described as an indictment under the anti-trust act in the circuit court for the northern district of California against the Federal Salt company for having created a combination and monopoly to control and influence the price of salt. The defendants pleaded guilty May 12, 1903, and were fined \$1,000.

A case against the coal carrying roads is now pending before the supreme court of the United States on a motion to compel witnesses to give testimony before the interstate commerce commission and to produce books and papers demanded by the commission in an investigation of the method of conducting business as pursued by the roads.

A case brought by the interstate commerce commission against the Nashville, Chattanooga, and St. Louis railroad company to restrain the road from overcharging between certain points mentioned, the rates being alleged to be "excessive and unreasonable; discriminating and higher for short hauls than for long hauls," is now pending before the supreme court of the United States on appeal.

The "hay and straw classification case" is described as brought by the interstate commerce commission against the Lake Shore and Michigan Southern Railway company to prevent an unjust classification of hay and straw and unjust and unreasonable charges for their transportation. This case is now pending before the circuit court of Ohio.

A number of minor cases, it is said, have been brought to compel carriers

to make annual reports to the interstate commerce commission.

In conclusion the attorney general recommends a permanent increase in the force of his department, saying it would result in more satisfactory work at less expense.

BLAME THE CAPTAIN

STORY OF THE SINKING OF THE CLALLAM.

Victoria, B. C., Jan. 15.—The British cruiser Grafton reports having found the body of Bruno Lehman, the customs officer of the Clallam, off Race Rocks. Lehman sprang from the upper deck of the steamer into a boat which was filled with passengers, mostly women and children, and was swept out with all in the boat when she swamped, almost immediately afterward.

John Davis of Nanaimo, made a statement regarding a conversation with Captain Roberts by passengers, who remonstrated with him for not placing them on the tug Holyoke. Davis said he believed the passengers were kept on board the steamer to bail in the effort to save the property, declaring that when a dozen passengers waited upon the captain and asked why he had not signaled the Holyoke for the purpose of placing the men aboard the steamer the captain replied: "I am running this part of the work. When I see we are in danger I will signal the tugboat to come back. We can get there all right. The steamer is good for three hours."

"Well," I said "you could have signaled the tugboat and given instructions when the boat was alongside."

"The captain in reply stated that he wanted to save the steamer; that was what he was looking after now."

Davis declared the Clallam did not remain afloat twenty minutes after this conversation.

HE FOUND A CURE.

R. H. Foster, 318 S. 3d street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at DuBois, Kolb & Co."

SCHOOL BOARD

Called Meeting Held and Miss Cora Hailey Elected Teacher.

The Board Concurs in the Recommendation For a Thirty-five Cent Levy.

Miss Cora Hailey was last evening elected a teacher in the public schools of Paducah at a special meeting of the Board of Education, at which all the members were present, Dr. J. R. Coleman presiding.

The resignation of Miss Elizabeth Rogers, who goes to Nachitoches, Miss., to become treasurer of a normal school, was accepted, and Miss Hailey, who was one of those not re-elected last June, was chosen to succeed her.

The recommendation of the finance committee that the board ask of the council thirty-five cents, was concurred in. It is estimated that \$15,000 will be necessary to run the schools, and with the amount deducted that will be received from the state, a thirty-five cent levy on the \$100 will be necessary to raise the amount needed. The board will go before the council and aldermen at their next meetings and make their demand.

TOBACCO NEWS

Good Prices Being Paid by Regies at Clarksville.

Generally Improved Conditions are now Expected Everywhere in the District.

Clarksville, Tenn., Jan. 15.—It would seem that the foreign tobacco people are looking to the Clarksville district for what they need in the tobacco line this year, if the prices paid in this section by the Regie people, as compared with those paid elsewhere, are to be taken as an indication. In some instances more than 10 cents a pound has been paid for some of the new crops that have been sold in the Clarksville market to the Italian Regie buyers, who, with the exception of the Imperial agents, are practically the only people in the field now. The Imperial people are hot on the trail of the Regie folks, and are giving them a fight for the best crops.

The Regie people are reported to have bought a good deal of tobacco, and have had hard work to secure what they wanted, as the Clarksville tobacco did not come up to the expectations. It is reported that the trouble that the Italian people have had in securing what they want in tobacco in the districts to the west of Clarksville, has caused them to depend mainly upon the Tennessee tobacco to supply the greater and best part of what they want. It is now being predicted that all farmers who have so far sold their tobacco will put in a full crop for 1904. There is evidently a good deal of latent life in tobacco trade that will make itself felt when there is a possibility for so doing.

That there will soon be a great improvement in conditions that have resulted from the unusually long, dry spell seems likely, for during the last few days the weather has been comparatively warm and damp. This

was followed by gentle rains that put much of the tobacco in order. Unless the weather turns very cold, good business on the tobacco market is certain.

By some the unfavorable condition of the past few months is considered a blessing in disguise, as many of the planters are apt to turn their crops loose early in the season at low prices, instead of waiting later for better prices.

This, if true, will be contrary to expectations a few weeks ago, it being predicted that the 1904 crop would fall far short of that in 1903 because of the fact that the farmers had become discouraged over the situation this year.

Some loose sales of the weed, mostly of the lower grades, are being made on the Clarksville market this week, bringing from \$2.25 to \$5.10 per hundred. One local house sold 14,000 pounds Tuesday, the first sale of the present week.

COUGHING SPELL

CAUSED DEATH.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1 at DuBois, Kolb & Co.

ANNIVERSARY PARTY.

The children, relatives and many friends of Mr. and Mrs. Louis Kolb, of Broad street, last evening tendered this popular couple a surprise party in honor of the fortieth anniversary of their marriage. The occasion was one long to be remembered, and was delightful in every particular. Mr. and Mrs. Kolb have reared a large family and their children are among the most substantial, respected and prominent in Paducah. The couple were remembered in many pleasant ways.

The weather is unfavorable for the rehandling of tobacco in Christian county, and the growers are much discouraged.

Theatrical Notes.

There are doubtless many who will recall Howard Kyle's production of "Nathan Hale" in Paducah in January, of 1902. The play and the performance met with the heartiest praise from the people and the press of this city. After presenting "Hale" three seasons and becoming so strongly identified with the character in many places he was addressed as Mr. Hale, it was no easy task for him to select a worthy successor to Clyde Fitch's fine play. Mr. Kyle had never seen "Rosemary," but so many of both his professional and lay friends urged him to revive it that at last he and Manager Brennan made arrangements to that end. The season has verified friendly predictions, as Mr. Kyle's success has been unequivocal. In many cities the critical estimate placed on Sir Jasper above his Nathan Hale, "Rosemary" is a charming story of human nature, perfect in construction, of delicious humor and at the same time sweetly touching. "Rosemary" is the bill for Monday night at the Kentucky.

The chief love interest in the dramatization of the well known New England novel, "Quincy Adams Sawyer," is the strong admiration of young Sawyer, the city fellow and son of a millionaire, for Alice Pettengill, a blind girl. It was a good deal of a question when the dramatization was made as to whether the public would be in sympathy with such peculiar courtship, and the dramatist seriously thought of getting away from the book in this respect by having Sawyer in love with Lindy Putnam. It was finally decided, however, to follow the book, and those who witness a performance at The Kentucky on Wednesday next will realize what a mistake it would have been not to have made a great deal of the love story between the blind Alice Pettengill and

Quincy Adams Sawyer.

Those who have experienced the delight and gratification which the Jeffersons' delicious art gives should avail themselves at once of the opportunity and learn how it is and why it is the characters they impersonate are so widely and tremendously popular. They have treated millions to laughter and always through the medium of clean and wholesome comedy only. They are the apostles of innocent merriment. Joseph, Jr., and William W. Jefferson will play an engagement at The Kentucky Tuesday night, when they will be seen in "The Rivals."

HE WANTED PROOF.

The son of a city official of high standing was recently accused of expectorating out of the window at school by his teacher, and when asked why he did it, replied that he was not guilty.

"But you did, sir," the teacher replied, and again the youth informed his instructor that he was not guilty. The teacher insisted and the boy proclaimed his innocence until finally the teacher informed him that he would "have to prove he did not spit out of the window."

"No sir," the youth corrected, "it devolves on you to prove that I did," and the logic was so overwhelming that the discussion ended.

It was whispered around that he, Tom Taggart and others where to meet some of the Tammany Democrats in the Metropolitan. OPERATORS NAMED

TO HAVE CHARGE OF THE I. O. TURNABLE.

Regular operators have been appointed to run the local Illinois Central turn table and Terry Coleman is regular day man and Malcomb Greenleaf is night man.

Both young men were formerly street car motormen and thoroughly understand handling electricity. They have been regularly installed and the turn table is now operated steadily by electricity. Since this apparatus has been in use the employees of the round house have been enabled to put engines out for service with much more rapidity. Much time and labor is saved and it is a great improvement.

When you don't feel right—are not yourself—but don't know what is the matter, try taking Walther's Peptonized Port.

It is just a good common sense tonic that works in a natural way. It is simply a combination of pure pepsin—nature's own digestive agent—with that fine, old tonic, good port wine.

If it doesn't do the work you need a doctor.

If you are not in need of a doctor it will do the work.

HARD TO LEARN

TAKES HARD EXPERIENCE TO TEACH PEOPLE SOME TRUTHS.

Many people jeer at the idea that coffee causes the aches and ills they suffer from and often such people will go on for years sticking steadfastly to the coffee and suffering month in and month out but maintaining "Coffee don't hurt me."

Only an actual test will open their eyes to what they thrown away when they cast aside the richness and power of health for a cup of coffee now and then. A lady says:

"I did not learn the real truth until I made the change, but I can now positively state that the headaches I had for about 17 years were caused by drinking coffee for when I changed and gave up coffee and used Postum in its place I experienced entire relief; I have not been troubled with headache since I began Postum in 1896."

"This in brief has been my experience on the coffee question. Among my friends I have seen many other wonderful instances of the power of this food drink when used in place of the drug drink coffee. Among my friends there are those who tell me of relief from kidney trouble, neuralgia and eczema by leaving off coffee and using Postum and I have even known it to ease rheumatic pains in limbs. "I readily believe these statements for since I cut out coffee and used Postum I never seem to have an ache or pain and I would not dare go back to the old coffee again. Not only myself but my family use Postum exclusively and we know there is no hot beverage that can take its place. Nearly seven years steady use of Postum convinces me I know what I am talking about when I say it is food as well as drink and most valuable to build up the system." Name given by Postum Co., Battle Creek, Mich.

"There's a reason." Look for the little book "The Road to Wellville" in each package.

Reconstruction.

The little man had listened to his father talk politics, but he took little interest in his own history lessons. "Now, Arthur," said his teacher, "tell me what the reconstruction period was?" The word reconstruction was familiar to Arthur, so he had an answer ready. "Please, ma'am," he said, "it was a time when the president was putting in all his friends and firing those of the other party."

Friends Provide Medal.

Some people have the medal craze badly, as is the case in Tivoli, N. Y. J. L. de Peyster of that place raised the Stars and Stripes over Richmond after it fell, and the unkind government would not give him a medal of honor for it, as it was claimed that there was no personal risk or danger in the act. The man's friends have had a nice medal made for him, however.—Springfield (Mass.) Republican.

The work is turned into pleasure. No more pressing on the sweeper to make it run or reach the dirt, backaches a thing of the past; farewell fagged out feelings; the poor, tired heart can healthfully perform its duty.

The finest dirt, moths and disease germs are drawn out by air currents that no other sweeper has—the old carpet puts on a new look and is as bright nearly as new and as clean as a pin.

Secret Order Confesses Embezzlement.

Men Killed By Trains in Death From Florentine at Mayfield.

NEWS ITEMS OF KENTUCKY

Louisville, Ky., Jan. 15.—Mr. William Morris, chairman of the Widows' and Orphans' fund of the Chosen Friends, a branch of the Independent Order of Odd Fellows, in his annual report, submitted to the finance committee, confessed the misappropriation of \$1,300, belonging to the fund and the hypothecation of \$4,000 in bonds. Two bonds of the board of trade and two Lebanon, Ky., waterworks bonds were disposed of by him.

The lodge authorities have employed Kohn, Baird and Spindle, attorneys, to bring suit against the Fidelity Trust Company for the recovery of the bonds, on the ground that the transaction was illegal.

Mr. Morris says that at the time he used the bonds, he thought that he would be able to redeem them, but that the loss of his position as secretary of the Mutual Life Insurance company of Kentucky and other financial reverses made it impossible.

ISOLATED IN HOTEL.

Harlan, Ky., Jan. 15.—Considerable excitement prevails here because Grant Smith is confined to his room with a malady which the local physicians pronounce smallpox. Mr. Smith only last week returned from Louisville and other points and became ill. A partial quarantine of the hotel, where he is confined has been established, no one being allowed to go in and out of that portion of the building.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the great of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. For sale by DuBois, Kolb & Co.

May be Taken at the Confederate Home.

New Bill to Provide for the Wives of Confederate Veterans.

Among improvements and changes which will be made at the Confederate Home, in Pewee Valley, as contemplated by a bill introduced in the legislature by Harry McDonald, representative from Louisville, is the erection of small cottages to be used by the veterans in the institution who are married. Their wives may thus come to the home. Other bills provide for increasing the per capita of the men in the home from \$125 to 175 and the appropriation of \$57,000 which will be used for building an infirmary and other improvements. The cottages will be built out of this fund.

Many of the old soldiers in the home have wives living, and under the law as it exists they must be separated, as no provision is made at the home for women. Colonel Bennett H. Young and others connected with the home think that some provision should be made for the few women, wives of the old soldiers, who are still alive.

These cottages, if they are allowed, will be small, but neat and comfortable, and will afford accommodations for man and wife to live in a real home. The buildings will not be expensive, costing but a small sum, and only a few will be needed. No children will be received at the home when the cottage plan has been adopted, and the number of inmates in the home will not be increased to any large extent.

KILLED AT ST. LOUIS

LOCAL CARPENTER RECEIVES SAD NEWS OF HIS BROTHER.

Mr. Albert T. James, a well known carpenter, has received news of the death of his brother at St. Louis. The deceased was formerly engineer on the steamer Clyde and was well known here. Yesterday's Globe Democrat has the account of the accident:

"J. V. James, aged 36 years, of 315 Antelope street, was instantly killed and his companion, Charles Winters, aged 35 years, of 2601 North Ninth street, seriously injured by being struck by a Terminal engine while under the Jefferson avenue bridge yesterday evening. James' body was taken to the morgue. Winters, who suffered a fractured left ankle and internal injuries, was taken to the city hospital.

"The men were repairing an air pipe under the bridge when the engine with a string of box cars backed down on them. Winters was knocked to one side of the tracks, while James was caught beneath the cars and his body horribly mangled."

THE STROLLERS

By **FREDERIC S. ISHAM,**

Author of "Under the Rose"

Copyright, 1902, by THE BOWEN-MERRILL COMPANY

Meanwhile Oly-kocks had not returned. Having faithfully closed and locked all the iron shutters, he had crept out of a cellar window and voluntarily resigned as caretaker of the manor, with its burden of dangers and vexations. With characteristic prudence he had timed the period of his departure with the beginning of the end in the fortunes of the old patroon principally. The storm cloud, gathering during the life of Mauville's predecessor, was now ready to burst, the impending catastrophe hastened by the heir's want of discretion and his failure to adjust difficulties amicably.

A branch of a tree grating against the window as Mauville scanned the surrounding garden. Then his eye fell upon an indistinct figure stealing slowly across the sward in the partial darkness. This object was immediately followed by another and yet another. To the observer's surprise they wore the head gear of Indians.

Suddenly the patroon heard the note of the whippoorwill, the nocturnal songster that mourns unseen. It was succeeded by the sharp tones of a saw-whet and the distinct mew of a catbird. A wild pigeon began to coo softly in another direction and was answered by a thrush. The listener vaguely realized that all this unexpected melody came from the Indians, who had by this time surrounded the house and took this method of communicating with one another.

An interval of portentous silence was followed by a loud knocking at the front door, which din reverberated through the hall, echoing and re-echoing the vigorous summons. Mauville at this leaned from the window, and as he did so there arose a hooting from the sward as though bedlam had broken loose. Maintaining his post, the heir called out:

"What do you want, men?"

At these words the demonstration became more turbulent, and amid the threatening hubbub voices arose, showing too well the purpose of the gathering. Aroused to a fever of excitement by the shooting of the tenants, they were no longer skulking, stealthy Indians, but a riotous assemblage of anti-renters expressing their determination in an ominous chorus:

"Hang the land baron!"
In the midst of this far from reassuring uproar a voice arose like a trumpet:

"We are the messengers of the Lord, made strong by his wrath!"

"You are the messenger of the devil, Little Thunder!" Mauville shouted derisively.

A crack of a rifle admonished the land baron that the jest might have cost him dear.

CHAPTER XIV.

AFTER this brief hostile outbreak in the garden below the right wing Mauville prepared to make as effective defense as lay in his power and looked around for his aid, the driver of the coach, but that quaking individual had taken advantage of the excitement to disappear.

The young girl, too, had availed herself of the opportunity while he was at the window and vanished.

"Why, the slippery jade's gone!" he exclaimed, staring around the room, confounded for the moment. Then, recovering himself, he hurriedly left the chamber, more apprehensive lest she should get out of the manor than that the tenants should get in.

For the moment he almost forgot the anti-renters. He hastily traversed the upper hall, but was rewarded with no sight of her. He gazed down the stairs eagerly, with no better result. The front door was still closed as he had left it.

"Yes, she's gone," he repeated. "What a fool I was to have trusted her to herself for a moment!"

A new misgiving arose, and he started. What if she had succeeded in leaving Little Thunder and his cohorts. What respect would they have for her? For all he had done it was nevertheless intolerable to think she might be in possible danger—from others save himself! A wave of compunction swept over him. After all, he loved her, and loving her, could not bear to think of any calamity befalling her.

"Surely I've gone daft over the stroller!" he thought as his own position occurred to him in all its seriousness. "Well, what's done is done! Let them come!"

With no definite purpose of searching further, he nevertheless walked mechanically down the corridor and suddenly discerned Constance in a blind passage, where she had inadvertently fled.

At the end of this narrow hall a window looked almost directly out upon the circular brick dovecot, now an indistinct outline, and on both sides were doors, one of which she was vainly endeavoring to open when he approached.

"Unfortunately, the door is locked," he said ironically. "Meanwhile, as this spot has no strategic advantages, suppose we change our base of defense."

Realizing how futile would be resistance, she accompanied him once more to the chamber in the wing,

where he had determined to make his last defense. After closing and locking the door he lighted one of many candles on the mantel.

The flickering glare fell upon the young actress standing, hand upon her heart, listening with bated breath, and Mauville, with ominous expression, brooding over that chance which sent the leaseholders to the manor on that night of nights.

The violent crash of a heavy body at the front of the house and a tumult of voices on the porch, succeeded by a din in the hall, announced that the first barrier had been overcome and the anti-renters were in possession of the lower floor of the manor. Mauville had started toward the door when the anticipation in the young girl's eyes held him to the spot. Inaccessible, she was the more desired. Her reserve was fuel to his flame, and at that moment, while his life hung in the balance, he forgot the rebuff he had received and how she had nearly played upon him.

H. C. Bronough—Vice President.
W. B. Kennedy—Secretary.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."

MRS. C. W. BURGESS, Iranistan Ave., Bridgeport, Conn., Feb. 21, 1898.

Mrs. Burgess writes Feb. 28, 1903: "My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old and has thick hair and a clean scalp."

Chicago, Jan. 15.—The Northwestern railway has issued an order that under no circumstances shall passenger trains exceed their schedule speed. No matter how late a train may be, the engineer must not make up time by running faster than his schedule calls for. All trains that become late on any portion of their trip must arrive at destinations late. The explanation is made that the management does not care to risk disaster which might occur on account of fast running in an effort to make up lost time.

"A large majority of the winter wrecks are due to an effort to make up lost time, and the Northwestern management does not believe such effort to be worth the possible cost," said an official of the company.

AN EPIDEMIC

MEASLES PREVAILS IN MANY PLACES OF THE CITY.

The prevalence of measles among children in Paducah at present amounts to almost an epidemic. In many families all of the children of the family are ill from it.

One prominent physician remarked this morning that he had a number of cases in his practice. "It is in an unusually malignant form too," he said, "and is hard to handle. It does not amount exactly to the 'black measles,' but is almost as severe." So far no fatalities have resulted from it.

KILLED BY SON

Dunn was whipping his wife when his son interfered, and Dunn made at him with a knife the boy grabbing a gun and firing at the father. The elder Dunn was badly shot and bled to death. The boy will not be prosecuted.
